Sir:

Applicants filed a response to the December 27, 2004 Final Rejection on January 7, 2005. Public PAIR indicates that this response has been received and scanned to the file by the Patent Office. However, despite the passage of nearly four months, no action on the response after final rejection has been taken. Numerous telephone calls to the Examiner have not resolved this issue.

Applicants respectfully request that the response to the final rejection be acted upon immediately. Please telephone our firm's Patent Application Filing Department at 703-836-6400 with the status of the above-identified patent application, including an indication as to when the next communication can be expected.

Respectfully submitted,
